03: Emerging biomarkers and future directions Q&A Session	08:25
04: Meeting Close	08:45

**Dr Pasquale Rescigno, Senior Clinical Lecturer
and Honorary Consultant,**
Newcastle University and Newcastle Hospitals NHS Trust

- Dr Pasquale Rescigno is a dedicated medical oncologist specialising in genitourinary tumours.
- He obtained his MD and PhD from the University of Naples and completed a clinical research fellowship at the Institute of Cancer Research in London.
- Dr Rescigno was director of the translation and clinical trial group for GU cancers in Turin, Italy and currently serves as a clinical senior lecturer and honorary consultant at Newcastle University.
- His work predominantly involves the development of clinical trials in GU cancers, aiming to understand the disease better and enhance patient care.

This symposium has been awarded CPD in principle. Attendees will be emailed a CPD certificate following final accreditation after the event.
